Pharmacy Technician	
Registered Technician -----	\$40
Student Technician -----	\$20
Associate (<i>Individuals who are not pharmacists or technicians</i>) -----	\$50

Frequently Asked Questions

What is the CPh-PAC?

CPh-PAC is a California state political action committee that makes contributions to and expenditures relating to state and local candidates in California. The portion of your CPhA dues dedicated to state political activity will be deposited into CPh-PAC as shown on the chart above, unless you designate it for the CPhA Legal Defense Fund. The Legal Defense Fund is used for litigation around pharmacy concerns (i.e. Medi-Cal rate cuts lawsuit) as well as issue advocacy.

Contributions to CPh-PAC are not deductible as charitable contributions for federal income tax purposes.

Successful advocacy depends upon an integrated approach, consisting of lobbying, grassroots activity and political action. CPh-PAC is the political arm of the California Pharmacists Association, and is a bipartisan organization run by and for Pharmacists. CPh-PAC's purpose is to help elect candidates who understand and respect the role pharmacist's play as members of the healthcare team. Since healthcare in California is so highly regulated, it is imperative that we help elect individuals who understand pharmacists' complex role in the healthcare delivery system.

Supporting CPh-PAC helps ensure pharmacists have a strong voice when decisions are made that impact your ability to provide care to your patients and maintain a successful business.

For questions, contact cphpac@cpha.com.

What voluntary funds am I able to contribute to?

CPhA has a number of areas in which you may contribute. Following are some of the areas in which we are continually seeking funding for:

- **CPh-PAC** - The California Pharmacists Political Action Committee helps educate legislators about issues important to the pharmacy profession and protects your license and rights to practice.
- **PDFC** - The Pharmacy Defense Fund of California was established to wage lawsuits to defend pharmacists practice. This fund is directly used to pay for the costs of litigation in this area.
- **Don & June Salvatori Pharmacy Museum** - The Museum fund is used to maintain the museum located in Sacramento.
- **California Pharmacists Association Foundation** - The Foundation is designed to be the health policy, research, and scholarship charitable division of CPhA. Funds contributed are used to further education to pharmacists in a variety of ways.

If you would like to contribute to any of the funds listed above, please indicate the amount on the CPhA Membership Application form.
