

CPhA Supports Governor Newsom in his efforts to reduce spread of COVID-19

The California Pharmacists Association (CPhA) supports Governor Newsom's swift action to promote and protect the health of all Californians as we collectively prevent the spread of COVID-19. During this time of uncertainty, all healthcare providers, especially pharmacists, must be readily available to care for California's most vulnerable populations. CPhA has followed the Governor Newsom's directives to ensure that all pharmacy professionals adhere to public health guidelines to lessen the spread of COVID-19 and has transitioned gatherings of pharmacy professionals to virtual experiences. We will continue to share resources to ensure the health of all Californians and be available to assist the governor as he implements health measures to prevent the spread of COVID-19.

About CPhA

The California Pharmacists Association (CPhA) is the largest statewide professional association for pharmacists, student pharmacists and pharmacy technicians in the country. CPhA represents the pharmacy profession in all practice settings and promotes the health of the public through the practice of pharmacy.
