charting your path

October 22 and October 23, 2021

The CPhA Academy of Student Pharmacists introduces Charting Your Path, a virtual conference via Hopin, to help student pharmacists obtain the skills, tools, and experience necessary to be successful in their next step of their professional development.

At this two-day conference, student pharmacists throughout the state will convene using our virtual meeting platform to develop the skills necessary to stand out from the crowd and how to be the best candidate they can be when searching for an internship, residency, fellowship, or their next job in pharmacy. This is made possible through the generous support of leaders like you. We hope you'll join us in supporting student pharmacists who choose to invest in themselves and in the future of our profession!
